

NOTICES OF RULEMAKING DOCKET OPENING

The Administrative Procedure Act (APA) requires the publication of Notices of Rulemaking Docket Opening when an agency opens a rulemaking docket to consider rulemaking. Under the APA effective January 1, 1995, agencies must submit a Notice of Rulemaking Docket Opening before beginning the formal rulemaking process.

- 2. The subject matter of the proposed rule:**
This rulemaking is being made in response to a motion approved at the December 11, 2001, Citrus, Fruit and Vegetable Advisory Council meeting recommending that the Arizona Department of Agriculture eliminate standard-sized citrus containers. Each time a new container size is requested, the shipper must submit an experimental container request to the Supervisor of Standardization, and after three years that size must then be introduced as a standard container. There are 23 existing standard-sized containers. The current trend is for the retail industry to advise the citrus shippers of the size containers they will accept, which may not be an existing standard or experimental container.
